SUMMARY

Aspiring software developer aiming to contribute to a forward-thinking tech company by leveraging strong skills in programming, problem-solving, and innovative thinking to build robust and user-centric software solutions.

EDUCATION

| | |
|---|---------------------------------------|
| Sagar Institute of Research and Technology, Madhya Pradesh Bachelor of Technology in Computer Science Engineering | 2021 – 2025 CGPA: 7.65 |
| S.A.E College, Jamui, Bihar Bihar School Examination Board - Class XII | 2018 – 2019 Percentage: 72% |
| Gyan Niketan Residential School, Barbigha, Sheikhpura, Bihar Central Board of Secondary Education – Class X | 2016 – 2017 Percentage: 95% |

SKILLS

- **Programming Languages:** Java, Python, JavaScript
- **Web Technologies:** HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React.js, MongoDB
- **Coursework:** Cloud Computing Basics, Object Oriented Programming, Web Development, Software Development Life Cycle (SDLC) & Models (Waterfall, Agile, V-Model, Spiral, Iterative)
- **Productivity & Collaboration Tools:** Git, GitHub, VS Code, IntelliJ IDEA, Postman, MongoDB Compass

EXPERIENCE

Java Full Stack Development Training – QSpiders (May - Present)

Trained in Core Java, Adv Java, JDBC, Servlet, HTML, CSS, JavaScript, SQL, and React.js with hands-on exposure to full stack development, real-time projects, and interview preparation.

React Developer Intern – Maestros Infotech (Jan 2024 – Mar 2025)

Designed and implemented a modern, responsive UI using React, Tailwind CSS, and Bootstrap. Collaborated with senior developers to improve component structure and styling. Enhanced user experience through scalable and interactive frontend features

PROJECTS

World Atlas ([Repo Link](#) | [Website](#))

React.js | CSS | Tailwind CSS | API Integration

- Developed an **interactive** and user-friendly **country information platform** where users can search for any country and view details such as **population, capital, and interesting facts** etc
- Optimized **search functionality** and UI responsiveness, ensuring fast data retrieval and **seamless user experience**

EduCorner ([Repo Link](#) | [Website](#))

HTML | CSS | JavaScript | Bootstrap | GSAP | Tailwind CSS

- Developed and designed EduCorner, an **online learning platform** focused on delivering high-quality and accessible education for learners of all backgrounds
- Utilized Bootstrap for **responsive** design and **GSAP for animations** to create a dynamic and user-friendly interface

MediLink - Smart Appointment System

React.js | Tailwind CSS | Bootstrap | MySQL

- Co-developed a comprehensive e-channeling system with a multi-user role management feature, **handling the frontend** while collaborating with Shiva on the backend, enabling seamless **online appointment scheduling** and **secure data handling**.
- Enhanced patient experience through **real-time schedule management** and secure authentication, ensuring precise **patient-doctor coordination** and efficient appointment processing.

ACHIEVEMENTS

- Solved over 150+ problems across platforms like [LeetCode](#), [GeeksforGeeks](#), and [HackerRank](#).
- Earned Silver Badges in C Language and Java Language on [HackerRank](#).
- Earned HackerRank Intermediate Certificate in [SQL](#).
